LETTER TO THE EDITOR

COMMENT TO THE "TAXPAYER"

In commenting on your recent letter to the editor regarding the kindergarten vote at the special town meeting and subsequent "massive walkout", I am of the opinion that your conclusions are erroneous.

As stated in the Presto Press, the number of people voting on the kindergarten issue was 305 and voting on the zoning proposal 282. Assume that all people exercised their right to vote on both issues, your so called "massive walkout" totals 23 people, not 76.

Your assumption that people leaving voted only for the kindergarten is an emotional, not logical, assumption.

Regarding your comment on transient voters, be assured, most of the people that took the time to attend and vote, for or against the kindergarten, are indeed contributing to the town.

Your comment on the estimated cost of this plan is debatable. The documents, as presented by the Superintendent of Schools at the meeting, do not indicate a "drastic effect on the tax rate".

It should be stated that many townspeople not benefiting directly from a kindergarten, saw fit to cast a yes vote. These people are certainly not part of your "select group" but rather citizens interested in the future of the town, using their voting privilege.

A decision on whether the Town of Mattapoisett will have a kindergarten in 1968 or

MEETING FOR PARENTS & FRIENDS OF HANDICAPPED & RETARDED CHILDREN

Members of the group of Parents and Friends of Handicapped and Retarded Childred decided at their recent meeting not to hold a December meeting due to the holiday.

The next meeting will be held Tuesday, January 23rd, at 8 P.M. at Mattapoisett Inn, Water Street, Mattapoisett.

President of the group, Mrs. Dennis Sylvia of Marion, urged all members to join the Greater New Bedford Association for Retarded Children. By being a part of the larger New Bedford Association more advances can be realized for the tri-town group.

the ranking Minority member of the committee, co-authored the legislation.

The resolution requires that the Commission report to the Congress, no later than January 20, 1969, its findings and recommendations.

Chairman Moss pointed out that "Holdings of financial institutions in stocks listed on the New York Stock Exchange have nearly doubled in the 1960's, going from about $53 billion at the end of 1959 to $101 billion at the end of 1966".

Representative Keith said, "Such growth poses many questions which no one can answer with certainty. Among other matters, these questions bear on the ability of our securities markets to accommodate to this growth and maintain stability, depth, and public confidence. By obtaining answers to these questions, we can assure ourselves that our securities markets will continue to be a strong and healthy basis for our free enterprise system.

WITH THE COMPLIMENTS OF SANTA CLAUS

A cold, biting wind blew through Mrs. Brown's threadbare coat as she hurried home to her ailing husband with the makings for Christmas dinner the next day. She had waited until the market was almost closed, hoping prices would be reduced before the long holiday weekend. She was right. She had saved ten cents on stewing meat.

As she trudged through the snow, Mrs. Brown thought ironically that Christmas always came when their social security check was running out. Her reverie was interrupted by the sound of a bell.

Mrs. Brown and a Sidewalk Santa Claus, collecting funds for the Volunteers of America, were the lone occupants of the blustery corner. His cheery "Merry Christmas" seemed to warm the very air. Mrs. Brown dug in her pocket for the dime she had just saved and with a brief comment on the meagerness of her contribution, she tossed it into Santa's chimney.

In the weeks the Sidewalk Santa Claus had been on the corner, he had become acquainted with the local storekeepers. When the market closed on Christmas Eve, he asked the owner about the elderly lady. He was told her name, where she lived and some of the details of the old couple's difficult existence.

Christmas came to the Brown household as it hadn't come in years. A Volunteers of America officer brought bags of groceries, warm clothing and an invitation to Christmas dinner at the local post -- all with the compliments of Santa Claus.

The story of the Browns happened in another

er year in another city, but it's typical of the activities of the Volunteers of America, this country's first religious social welfare organization devoted to the service of the needy of America, according to Major Hal Hughes, director Southeastern Massachusetts, head of the Volunteers' post in New Bedford. The generosity of donors makes it possible for the Volunteers of America Christmas campaign to aid thousands of needy families, he said.

Among the programs conducted nationally by the Volunteers of America are summer camps, maternity homes, Sunset Clubs for the aging, aid to homeless men, aid to handicapped workers and youth programs designed to aid in the prevention of juvenile delinquency.

Here in New Bedford, emphasis is on welfare and rehabilitation programs.
